

MATCH Colloquium Welcome

**Ken Turner and Louise Bellin
University of Stirling**

21st March 2007, Glasgow

www.match-project.org.uk

MATCH Project

- Mobilising Advanced Technologies for Care at Home
- supported by the Scottish Funding Council for four years from November 2005
- focused on home care technologies:
 - home care networks
 - lifestyle monitoring
 - speech communication
 - user requirements, multimodal interfaces
 - integration and demonstration

Partners

- academic:
 - Universities of Dundee, Edinburgh, Glasgow, Stirling (lead)
- external:
 - social/health care:
Dementia Services Development Centre Stirling, Falkirk Council, Hanover Housing Association (Scotland), NHS Forth Valley, North Lanarkshire Council, West Lothian Council
 - commercial:
BT, ITI TechMedia, Scottish Enterprise Forth Valley, Sensorium, Tunstall

Objectives

- home care systems for independent living
- Scottish centre of excellence
- partner network
- integration with current practices
- specialised labs and demonstration centres
- technology training and guides
- care models for appropriate and ethical use
- focus on complex care needs

Colloquium Scope

- integrated home care systems for Scotland – a focus on technologies
- scope:
 - social and technical challenges
 - issues in home care technologies
 - promising approaches

Session 1

- 09.15 Welcome (*Ken Turner and Louise Bellin, University of Stirling*)
- 09.40 From Telecare to Holistic Care: Experiences from Liverpool and A SAPHE Future (*Nigel Barnes, BT Group Chief Technology Office*)
- 10.10 Speech Technology for E-Inclusion and Rehabilitation (*Mark Hawley, University of Sheffield*)
- 10.40 Technology for Tailored Healthcare (*Dave Marples, Telcordia*)
- 11.10 Tea/Coffee (*First Floor*)

Session 2

- 11.30 Isolation and Social Exclusion: How can Technology help? (*Andrew Monk, University of York*)
- 12.00 Technology as Part of The Assessed Care Package - The Challenges and The Champions (*Linda MacPherson, Falkirk Council*)
- 12.30 The Design and Evaluation of New Technologies to support People with Dementia (*Roger Orpwood, University of Bath*)
- 13.00 Lunch and Poster Sessions (*Third Floor*)

Session 3

- 13.45 Demonstration Sessions (*Third Floor*)
- 14.45 Tea/Coffee (*First Floor*)
- 15.00 Barriers to The Uptake of Home Care Technology (*Evan Magill, University of Stirling*)
- 15.45 Summary (*Ken Turner and Louise Bellin, University of Stirling*)
- 16.00 Colloquium End
